# Le Trung Tan
## Front-End Developer

0336992569 - trungtanwork@gmail.com - Tăng Nhơn Phú A, TP. Thủ Đức, Hồ Chí Minh
23/08/2002

## Summary

I am a Front-End Developer with over a year of experience, proficient in ReactJS and React Native frameworks. Strong team player with proven project management skills. Eager to learn and apply new technologies.

## Technical Skills

- **Technical Skill:** React JS, React, React Native, React/Typescript, Web Application, Web/ Mobile, Mobile, Web Developer, Web Design, Technical Engineer, Technical Support.
- **Soft skills:** Communication, Teamwork, Critical Thinking, Personal Skills.

## Work Experience

### FPT Software HCM | 01/2023 - 04/2023
#### Intern Front-End Developer
**Responsibilities**
o   Implemented the class schedule interface from the design, ensuring it was intuitive and user-friendly.
o   Displayed daily class slots in a clear, organized, and easy-to-follow manner.
o   Developed the feature to view the list of class members, including their basic information such as name and profile picture.
o   Integrated and displayed instructor information directly on the class schedule for easy access.
o   Conducted thorough testing of the module to ensure stability and prevent errors.
o   Promptly identified and fixed any issues that arose during testing.

**Technologies:**
ReactJS,Redux

## Education

### FPT University Ho Chi Minh (Vietnam) | 10/2020 - 04/2024
#### Major: Software Engineering
- Gpa: Good
- Honorable student of semesters: Summer 2023, Fall 2023, Spring 2024

## Languages

**English** | Proficient

## Projects

**Project:** Pet Coffee Platform
**Time:**  01-2024 - 05-2024
**Description:**
- Summary: A platform for coffee and pet lovers alike. Connect, share experiences, and care for pets together. The platform also provides comprehensive support for managing pet cafes/chains, helping you grow your business effectively.
- Technology: ReactJS, React Native, NativeBase, Redux Toolkit
- Team size: 4
- Responsibilities:

- Designed and developed intuitive user interfaces for the web and mobile applications, utilizing wireframes, mockups, and prototypes to ensure optimal user experience.
- Developed a fully functional mobile app that runs smoothly across multiple devices using React Native and NativeBase.
- Contributed to the development of core web app features, integrating with back-end APIs using ReactJS and Redux Toolkit.
- Planned, managed project timelines, ensured code quality through regular code reviews, and met deadlines.
- Continuously improved the product based on user feedback, adopted new technologies to optimize performance and user experience.

**Project:** Restaurant Reservation
**Time:** 05-2023 - 07-2023
**Description:**
- Summary: Mobile application for restaurant reservations, location mapping, and ZaloPay integration.
- Technology: Java, MongoDB
- Team size: 2
- Responsibilities:
  - UI Design: Designed the app's interface, ensuring it was visually appealing and easy to navigate.
  - App Development: Developed the entire mobile app, from front-end to back-end using Java and MongoDB.
  - Map Integration: Integrated map features to help users find and locate restaurants easily.
  - ZaloPay Integration: Enabled seamless payment through ZaloPay for convenient booking.
  - Testing and Optimization: Tested and refined the app to ensure smooth performance and a bug-free experience.

**Project:** Fresh Academy Class Management
**Time:** 01- 2023 - 04-2023
**Description:**
- Summary: A comprehensive web application designed to streamline the management of Fresher training programs. It provides tools for course creation, instructor management, student tracking, lesson delivery, assessment, and reporting. The platform fosters a collaborative learning environment for Freshers and empowers instructors with efficient administrative capabilities.
- Technology: ReactJS, Material UI, Redux Toolkit, Redux
- Team size: > 20
- Responsibilities:
  - Implemented the class schedule interface from the design, ensuring it was intuitive and user-friendly.
  - Displayed daily class slots in a clear, organized, and easy-to-follow manner.
  - Developed the feature to view the list of class members, including their basic information such as name and profile picture.
  - Integrated and displayed instructor information directly on the class schedule for easy access.
  - Conducted thorough testing of the module to ensure stability and prevent errors.
  - Promptly identified and fixed any issues that arose during testing.
